Subject: District/Board Goals Review & Revision Proposal  
Date: 3/17/2021

MRUUSD Board Members,

I'd like to propose that we engage in a goals review and revision process along the following lines. I welcome your feedback and suggestions as to how to refine this process so that it makes the most sense.

**1. Public goals status update provided to the Board on 6/16/2021 in the currently-scheduled Board PD slot from 6:00-7:00 pm.**

Rationale: due to the way the assessment schedule is falling out this year, our internal Star 360 assessment window will close on 6/5/2021. This will allow us time to have the most recent assessment data available for consideration. At that time we will also have the most updated graduation data for this year as well. This is two months later than designed for in the current goals, which calls for an update in April.

**2. Hold a regular board meeting on Wednesday, July 7, 2021.**

Rationale: this meeting has often been canceled due to proximity to July 4th. Being on the 7th allows us to have this meeting be "normal" and focus on 7/21 for other purposes.

**3. Hoping for flexibility in gathering requirements by that time, hold in-person Goals/Data Retreat in lieu of the regular meeting on Wednesday 7/21/2021.**

Rationale: this could be held virtually if necessary, but that would be less than ideal, but based on current progress with vaccines, it seems realistic to project that we may be able to meet in person in mid-July.

**4. Utilize the window from 7/21 - 8/4 for updated goals and goal revisions to be developed based on feedback and concepts from 7/21 Goals/Data Retreat.**

Rationale: this window will allow adequate time to pull updated data and organize updated goals for presentation in addition to regular school opening preparations.

**5. Superintendent presents updated goals for feedback during the 8/4/2021 regular board meeting.**

**6. Updated goals approved at the 8/18/2021 regular board meeting.**
